We know this because we make it from specially prepared materials. Housekeepers pronounce our Pure Cream Tartar Baking Powder (30 cents a pound) equal in leavening power to the most costly brands. NOT MUCH OF A FIRE.

Firemen Quickly Extinguished Blaze on Depot Street.

ONLY VERY LITTLE DAMAGE DONE

Fire was, however, in a dangerous locality and might have been serious—Many Ladies at the Fire.

A fire alarm was sent in at 11:55, Friday night, from box 54, on North street, fire having been discovered by a young man named Hollenbeck, employed at M. A. Hawes' laundry, who while at the Erie depot, saw smoke rising over the frame building belonging to the Virgil Thompson estate, on Depot street. The building is occupied by M. A. Hawes, laundryman, and James H. Conkling, tinsmith, and the fire was on the second floor of Mr. Conkling's premises.

It is believed to have started from a melting pot which was used in the south corner of the work room during the afternoon, and it is supposed the fire smoldered all the afternoon and evening, until at midnight it had burned a hole through the rear siding about 5x2 and had begun to blaze up merrily when discovered. The down town bell sounded 51 once and then 14, but Engles had a strong on a short order, and quickly put the fire out. McMonagles and Phenix also laid lines of hose to the fire but they were not needed. The loss is fully covered by insurance. Mr. Hawes had some of his laundry soiled during the excitement.

An interesting feature of the fire was the presence there of a large number of women who to all appearances had just come from a stroll.

Fatal Accident to a State Hospital Employee, Friday.

The injury was dressed at the State Hospital.

NEGROES AND ARABS FIGHT.

Race Feeling Among Brickyard Laborers Leads to Picked Battle.

The ill feeling which the employment of negroes on Hudson River brick yards has developed culminated for the second time, this season, in a pitched battle, Thursday night, at the yard of Freeman & Hammond, two miles south of Newburgh.

It is not known whether the fight had been arranged for in advance, but it probably was, for negroes from all along the river assembled. There had also been an assembling of the Arab forces, who seem to be most bitter in their opposition to negroes, at a point below the yard. At dusk the two forces took their stand facing each other, like armies on the firing line. There were from 80 to 100 of each. They were armed with bricks, stones, clubs, and a number on each side had pistols.

The fighting continued for some time, when the negroes drove the Arabs back. Then the colored men scattered, having won a victory. But the Arabs, procuring more pistols, again started the fight. A number of shots were fired, two men being hit, but neither was seriously injured. There were a number of cuts about the head and body. Warrants for the leaders have been issued by Judge Hays, but they left town.

No negroes were working in the yards, Friday, and if they resume, as the manufacturers insist they will, further trouble must follow. The feeling against negroes in the brick business has always been strong, and there have been but one or two yards along the river that have employed negro help. In these yards it was an impossibility to procure white men who would work with them.

The past five years have worked great changes in the nationality of the men who have been employed in the cupidity of brickmakers. Then it was almost an impossibility to find any but Irishmen working on the yards and then came Arabs and Italians, until now but few Irishmen may be found. Although there were some quarrels, they generally succeeded in getting along pretty well together.

MEN OF MYSTERY.

Two Strangers Who Have Set People Guessing.

SAY THEY'RE HERE ON BUSINESS

say Too That They Are Having Lots of Fun With Those Who Are Frying Into Their Affairs—Don't Seem Dangerous.

The report that two individuals, who might be anything from common thugs to slick green goods men, were acting mysteriously about this city, was exploited at such length in the Times and Press Friday, that an Argus reporter held both desperate men up in Guntner's for an hour this morning, and got the blood-thirsty record of each.

They were cowed by the avoirdupois flashed in front of them, and in trembling voices they admitted that their names were A. E. Laurent, of New York, and J. L. Peters, of Bloomfield, and that one was an insurance man, and the other a mystery. The mystery says his brother was a painter at one time employed at the State Hospital.

They say they are here purely on a business venture and if they are to be believed they have been on to the fact that the police, the O. & W. detectives and the Times and Press scribes have been watching them for two days. This morning they acted very mysteriously and were "pumped" by a copper and they kept him guessing.

The men are well dressed, intelligent, and to all appearances all that the man who wants a gold brick might imagine, and their present address is the Russell House.

They may be rainier law men; they may be just what they say they are, but they are not desperate and there is no need of locking the doors doubly to burn, because they were seen to burn a letter at the Wickham avenue depot, or because they stood in Houston Bros., stoop at 6:30 this morning.

ON THE HOSPITAL DIAMOND.

Arcanum Players Easily Defeat the Printers' Nine.

The Royal Arcanum continue to drab the printers. They have come out of the slough of despond in which they were put in the first three games and added a second victory to their credit. The record by inning, as shown by the official record is as follows:

Arcanum	1	0	3	3	2	6	1-12
Printers	1	0	0	0	0	2	4-8

The Arcanum put up a rattling good game and simply outplayed the printers. They batted safely, while the printers' balls all landed in reach of the Arcanum players.

The work of the Arcanum's battery was perfect. Wallace was a regular back at first and Mills and Thompson made few stops at hard ball balls. Lee and Walker, in the field, caught all the flies they could have been expected to catch. Jacobus, Wallace and Mills made fine hits.

For the printers, Farrell and Curran hit the ball every time they were at bat. Bradley made some beautiful catches and stole at short stop, and Mike covered third bag to perfection. Farrell played well at first and Brown was in all the while at second.

The Arcanum found Cris an easy mark and at times his wild pitches kept Curran jumping. He fielded a number of ground hits in fine style, however. Eddie Wengoroth added the printers in left field, and McShane was handy in center. John Solomonaker made several difficult fumbles in right field.

MATCH RACE AT ELLENVILLE

Murphy Brothers' Rat Too Fast for Casey Brothers' Lady Etting.

There was great excitement at Ellenville, Friday afternoon, at the match race between Casey Brothers' Lady Etting and Murphy Brothers' Rat. Both horses were owned at Liberty and the sports contingent which followed the horses to Ellenville must have mightily pleased the hotel men of that village.

A large amount of money was bet on the race, and the contest, while taken in three straight heats, was close enough to give the crowd its money's worth. The summary was as follows:

Match race, purse \$200.
Rat Murphy Bros. (Casey) 1 1 1
Lady Etting, Casey Bros. (Shaw) 2 2 2
Time: 2:42, 2:41, 2:42.

In the best two in three heats between Jerry, Flora H. and La Fontaine, Jerry took two heats in 2:38 and 2:36.

Drink Grain-O

after you have concluded that you ought not to drink coffee. It is not a medicine but doctors order it, because it is healthful, invigorating and appetizing. It is made from pure grains and has that rich, nutty brown color and tastes like the finest grades of coffee and costs about 1/2 as much. Children like it and thrive on it because it is a genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink. 15 and 25c.

VERY LUCKY ESCAPE.

Engine Wheel Saved His Leg in the North Yard.

Ambrose Biggar, an O. and W. employee, had a sensational escape from losing his leg, Friday night, while employed in the O. and W.'s north yard. He stepped into the "V" of an automatic switch and his foot was caught. The yard engine came down on him and in a frenzy of fear he threw himself to one side of the rail and sustained a sprained ankle. Then the accommodating engine came along and pushed his foot out of the frog, not hard enough to break the skin, but just enough to dislocate the great toe. He was removed to Grant Wilson's house, No. 44 Prince street, and Dr. Hulet did all that he could to lessen the pain of the two slight injuries.

BLEW OUT THE GAS.

Two Warlike Boys Who Want to Eat Have an Experience at the Russell House.

Night Clerk Peter Moore discovered the escaping gas and, after a good pounding on the door, awoke the boys who were just becoming "dopey," and turned off the jet. The men were attended by Dr. Preston and soon came around all right.

STIRRED UP THE YELLOW JACKETS.

Some children, while playing on Myrtle avenue, this morning, found a yellow jacket's nest. Why not be well?

If you are suffering with any disease of the Kidneys, Bladder, or Urinary Organs, **Dr. David Kennedy's Favorite Remedy** will make you well again. It has cured cases that bordered on the miraculous.

It quickly cures men and women of inability to hold urine, and they are not compelled to get up often and make water at night. It removes the scalding sensation in passing it, and, when taken according to directions, it invariably cures pains in the small of the back. **Favorite Remedy** not only cures Stone in the

Bladder and Bright's Disease, but prevents them from developing.

One case is that of JOHN J. NEILL, of 807 North Eighth Street, Philadelphia, Pa. In 1889 he began to suffer indescribable miseries from Stone in the Bladder. An eminent physician said a surgical operation was necessary. If unsuccessful it meant death, and Mr. Neill put off the evil day as long as possible. While in this frame of mind he heard of **Dr. David Kennedy's Favorite Remedy**, and bought it. Before he had finished the third bottle the gravel was completely dissolved and his sufferings were at an end.

Favorite Remedy is a perfect Blood and Nerve medicine. It restores the liver to a healthy condition, cures the worst cases of Constipation, and all diseases peculiar to females. It cures Scrofula, Salt Rheum, Rheumatism. Your druggist will sell you a regular full-sized bottle for \$1.00.

Sample Bottle Free.

Those sufferers who wish to try **Favorite Remedy** before buying should send their full

 postulate address to the DR. DAVID KENNEDY COR
 PORATION, Rondout, N. Y., and mention this paper. A
 free sample bottle will be sent them prepaid, together with
 full directions for using. This is a genuine offer, and at
 our readers can depend upon it.
